Summary

Computer Science graduate with hands-on experience developing mobile apps using Swift and Flutter, and familiarity with other programming languages. Completed a deep learning project for real-time detection as part of final-year study. Quick learner with strong problem-solving skills, seeking to contribute to mobile app projects and grow as a developer.

Technical Skills

- **Programming Languages:** Swift, Flutter, Java, C++, HTML, CSS, JavaScript, Python, MySQL, PHP
- **Platforms / IDEs:** Xcode, VS Code, Visual Studio, Android Studio, Unity Editor
- **Tools:** GitHub, Firebase

Projects

Travel Memories (Swift)

- Built mobile app to **add and manage memories**, including **uploading multiple photos** per memory.
- Implemented **interactive map pinpoints** to display the visited memory locations.
- Connected to **Firebase** for real-time sync such as create, update, and delete operations.

Splitwiser (Flutter)

- Enhanced functionality to handle **service tax and charges for uneven split**.
- **Optimized transactions** for settlement.
- Implemented **category-based expense charts** and integrated **live currency conversion API**.

Deep-Learning Based Ripeness Assessment For Tomatoes (FYP)

- Collected 10,000 images for dataset.
- Trained **YOLOv8 model** for real-time detection.
- Integrated model into Flutter app.

Work Experience

TP Malaysia

Kuala Lumpur, W.P. Kuala Lumpur

Content Moderator – Outsource Project (Social Media Platform)

Jul. 2025 – Oct 2025

- Moderated suspected copyright content to ensure compliance with platform policies.
- Maintained **100% accuracy for two consecutive weeks** while handling large volumes of content.
- Adapted quickly to ever-changing policies to ensure consistent compliance.

Cemerlang Kontrol & Instrumen Sdn Bhd BHD

Johor Bahru, Johor

Intern

Oct. 2023 – Jan. 2024

- Assisted in developing Oil in Water System using PLC Programming and HMI Design.
- Gained hands-on experience with valve configuration and system setups.
- Supported website product updates and Autocount quotation management.

Education

Universiti Tunku Abdul Rahman (UTAR)

Bachelor of Computer Science (Honours)

Kampar, Perak

Oct. 2021 – Oct. 2024

- **Coursework:** C++, OOP, Machine Learning, Database, Cybersecurity, Server-Side Web Development, AWS Cloud Solution, Mobile Application, XR Design
- **Malaysian University English Test (MUET):** Band 4
- **Final Year Project:** “Ripecheck: Deep-Learning Based Ripeness Assessment For Tomatoes”

Xiamen University Malaysia (XMUM)

Foundation in Science

Selangor, Selangor

Aug. 2020 – Aug. 2021

- CGPA: 3.30/4.00

Achievement

- AWS Academic Cloud Foundations
- Alibaba Cloud Certification Associate (ACA)

Extracurricular Experience

Student Helper (Study Tour)

Kampar, Perak

- Assisted UTAR staff in facilitating the activities or trips as assigned.
- Interacted with participants to address their concerns.
- Joined as helper for University of Toyama Japan, Soka University Japan, Kurume University Japan, and Deh Yu College of Nursing and Health Taiwan.

Other Skills and Interests

- **Language:** English, Chinese, Malay, Cantonese, Hokkien
- **Interests:** Coffee, Mountains, Music, Photography, Fitness
